NETWORKS⁴

CDMA 1X 800/1900, EVDO rev A

PROCESSOR SPEED

Arm® Cortex™ A8 processor 550 mHz

REMOVABLE MEMORY¹⁰

supports up to 32 GB microSD

SENSORS

Proximity, ambient light and eCompass

1. Network dependent feature, not available in all areas. Airtime, data charges, and/or additional charges may apply. Photo ID and ring tone assignment to the Address Book entries, must be saved on the phone and not the SIM card.

2. All talk and standby times are quoted in Digital Mode, and are approximate. Battery performance depends on network configuration, signal strength, operating temperature, features selected, and voice, data and other application usage patterns. All screen images are simulated.

3. All talk and standby times are quoted in Digital Mode, and are approximate. Battery performance depends on network configuration, signal strength, operating temperature, features selected, and voice, data and other application usage patterns.

4. Network and/or SIM card dependent feature, not available in all areas. Airtime, data charges, and/or additional charges may apply. Wireless email functionality requires an email account with wireless server capabilities.

5. Bluetooth technology is a low-power, short-range wireless technology that enables certain types of wireless communication between products equipped with

Bluetooth technology. In order for products equipped with Bluetooth technology to communicate with one another, they must utilize the same profiles. To determine the profiles supported by other Motorola devices, visit www.motorola.com/bluetooth. For other devices, contact their respective manufacturer. Certain features including those listed may not be supported by all products equipped with Bluetooth technology, and/or the functionality of such features may be limited in certain devices, or by certain wireless carriers. Contact your wireless carrier about feature availability and functionality.

6. Data transmission speed is approximate and depends on the traffic on the network. Actual speeds will vary and are often less than the maximum possible.

7. Phone dependent feature

8. Airtime, data charges, and/or additional charges may apply to applications. Certain applications or features may not be available in all areas. Some listed applications may be trial versions. See your service provider for details.

9. Available user memory varies due to the configuration of the phone, which varies by service provider.

10. The unauthorized copying of copyrighted materials is contrary to the provisions of the Copyright Laws of the United States and other countries. This device is intended solely for copying non-copyrighted materials, materials in which you own the copyright, or materials which you are authorized or legally permitted to copy. If you are uncertain about your right to copy any material, please contact your legal advisor.
