So as we were searching Craigslist for new places to live, we decided to check out the personal ads. After looking at countless ads, we decided to make our own. We are three very different ladies with equally different interests in guys. Please read below and respond with a picture and info about yourself if you're interested.

Far left, brunette (let's call her Jayne): Doing a century bike ride in May (100 miles). Loves strawberry patch picking and hot air balloons. Wants to travel to Italy to drink wine and look at great art. Likes to bake. Loves to laugh. Loves to have game night or invite friends over for an evening at home.

Middle, brunette (let's call her Penny): Likes hammocks. Likes the smell and sound of rain. Wants to travel the world and learn about other cultures. Shamelessly makes funny faces at little kids in restaurants. Should buy stock in Red Box movies. Loves to take long drives with a good playlist.

Far right, blonde (let's call her Bekah): Favorite food is bacon. Loves anything the color green. Obsessed with baseball and college basketball. Loves the smell of clothes right out of the laundry or fresh cut grass. Hates cake (but loves chocolate chip cookies). Wants a dog more than anything right now. Loves traveling Latin America (speaks Spanish).
